

Shrug 2025

WELCOMES KEYNOTE

**CHRISTOPHER
CORBITT**

Sgt. Christopher Corbitt is a 30-year member of the Tallahassee (FL) Police Department and has been a sworn law enforcement officer for over 33 years. After serving in various uniform and investigative positions, his last 21 years have focused on law enforcement technology, and he currently supervises the Department's Technical Operations Unit. He has received numerous awards and recognitions during his career including the Commanders' and Chiefs' award, Meritorious Service, Unit Citations, Productivity, and Disaster Response. He was inducted into the Tallahassee Community College Heroes in Public Safety Hall of Fame in 2021. He has nearly two thousand hours of technical training with most focused on cellular and mobile device technology. Sgt. Corbitt provides training nationwide to law enforcement officers, analysts and attorneys on subjects including cellular records analysis, location mapping, tracking and communication intercepts. He has testified as an expert witness in the area of communication record analysis in over 120 legal proceedings.

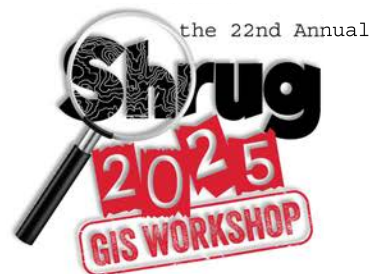

Suspicious about where to go...
... when Day 1 Technical Sessions end?

Sponsored By:

WELCOME!

On behalf of the 2025 SHRUG Workshop Committee, a warm welcome to all Sponsors, Presenters, and Attendees. Because of your presence and support, the Seven Hills Regional User Group for GIS has grown to host one of the leading GIS Conferences in Florida.

This Workshop will demonstrate exciting advancements and recent contributions in GIS technologies that allow users to better collect data, more efficiently analyze information, and more effectively communicate results.

Over 2 days, we aim to provide you with greater knowledge and more tools that help develop your skills, and connect you with other GIS-centered professionals in the Seven Hills Region.

Presentation Material Level:

Newbie Geek Guru
